

Help us make this house a home! When our neighbors move into Community First! Village, we make sure their new home is stocked with essential items and decorated with their taste in mind. The essentials we furnish our neighbors' homes with are always high-quality, and new or just as good as new. We hope you give our neighbors the same consideration, and show them how much they are valued through this donation. We call it 'giving your best first!'

Front Door Wreaths

1

Before you start

Before you start working on your design, we ask that you keep your floral choices to neutral, non-seasonal choices so our neighbors can keep their wreaths up all year. [This webpage](#) includes an extensive list of supplies along with instructions. We prefer the grapevine wreath to the embroidery hoop. If you choose to use an embroidery hoop, think about adding a little extra foliage.

2

Gather supplies

- Wreath base (an embroidery hoop, or bare wreath base will work)
- Floral wire (either green, or the same color of your wreath base)
- Floral stems, greenery of your choosing
- Floral Wire cutters (strong kitchen or sewing scissors will work as well)
- Metal or plastic hook that would hang over door frame like this
- Optional: glue gun (for better adhering)
- Over-the-door hook

3

Decorate your wreath

Wrap the floral stems and/or greenery with floral wire around the wreath. Use your glue gun to add any additional florals/foilage that won't be wrapped around the wreath.
